"To me, the college life should be a person's golden period that would allow him or her to interact with different people from different backgrounds. Although I had spent one and a half years studying online, I am glad that I had met amazing classmates and lecturers with memorable moments together. Lecturers at HPSHCC did not only teach us useful knowledge but also provided lots of sharing on the best path to our success in the future. Although our internship period was comparatively shorter than previous years due to COVID-19, it still allowed us to experience working in a professional high-end environment. In the end, I can say college life in HPSHCC is not easy but if you are willing to face challenges, you will be able to enjoy the beautiful life here. Work hard and dream big!"
